

# Keurig Dr Pepper Launches K-Mini and K-Mini Plus Space-Saving Coffee Makers

## Innovative new K-Mini brewers now available in sleek, space-saving designs and fun colors

BURLINGTON, MA and PLANO, TX (July 23, 2018) – [Keurig Dr Pepper](#) (NYSE: KDP) today announced the launch of the K-Mini™ and the K-Mini Plus™ single serve coffee makers, which deliver freshly brewed, delicious coffee from your favorite K-Cup® pods the moment you want it. The new K-Mini™ brewers are a stylish update of one of Keurig's most beloved coffee makers, with new features including a modern, sleek design and a space-saving counter footprint of less than five inches wide.

"We know younger coffee drinkers are going through many milestones in their lives – from beginning a new school year to starting their first job in a new city – and they want products that are beautifully designed and can seamlessly fit into their lifestyle," said Andrew Loucks, President, Keurig Appliances at Keurig Dr Pepper. "The new Keurig K-Mini brewers are our slimmest brewers yet and incredibly easy to use, making them the perfect portable sidekick for anyone heading back to college, moving into a new apartment, setting up a home office or wherever life takes them."

Both new Keurig® K-Mini™ coffee makers feature a brewing process as easy as pouring in enough water for any cup size between 6 oz. and a 12 oz. travel mug, popping in a K-Cup® pod, and brewing great tasting coffee at the push of a button. In addition, each K-Mini™ brewer features cord storage to allow users to have the option for simple transport. Offered in an array of fun colors, the new brewers include:

- **Keurig® K-Mini™ Single Serve Coffee Maker:** The K-Mini™ brewer, offered in Matte Black and Oasis at a MSRP of \$79.99, is available now on [Target.com](#) and will be available in Target stores beginning August 2018.
- **Keurig® K-Mini Plus™ Single Serve Coffee Maker:** The Plus version offers additional options, including a Strong Brew feature, a removable water reservoir for easy cleaning and a K-Cup® pod storage unit that fits in the brewer and holds up to nine pods to save counter space.
